

TIE03L UHF RFID Stainless Steel Cable Tie Datasheet

Performance Characteristics	
Protocol:	EPC Class1 Gen2, ISO18000-6C
Operating Frequency	902-928MHz
Chipset:	U8
Memory:	EPC 128bits
Re-writing cycles:	100,000 cycles
Functionality:	Read/Write
EEPROM data retention:	50 years
Applications:	Asset tracking
Reading range:	10.0 m, in air, 902-928MHz
(With 4W fixed reader)	
Reading range:	6.0 m, in air, 902-928MHz
(With 2W handheld reader)	
Warranty period:	1 year
Physical Characteristics	
Dimension:	280mm x 100mm x 10mm
Material:	ABS
Color:	White
Installation method:	Hole
Weight:	23.0g
Environmental Characteristics	
IP rating:	IP65
Storage Temperature:	-40°C to +80°C
Operating Temperature:	-40°C to +80°C
